Student Life Goes on . . .

Student Life goes on. Student Life is a period in one's life where he is preparing for real life. It is a time of waiting, of growing, of learning to get along in the real world outside the doors that keep us captive from eight thirty to three thirty each day of the twelve years of our life.

Bay St. Louis Municipal Separate School District

It is my wholehearted belief that through the cooperation and support of the Faculty and Student Body, this year has been one of my most memorable and rewarding years at Bay Senior High. It not only reflects the achievements of our students, but the excellence of the school.

It is my hope that every student's mind has been broadened and that every opportunity given each of you will further develop your abilities and motivate you to move in the right direction. The spirit of teamwork and cooperation demonstrated in the preparation of this yearbook can serve as an example for us in the future.

Aiding Superintendent McCollough is Assistant Superintendent Donald Caldwell. In this office Mr. Caldwell is able to assist Mr. McCollough in the completion of many duties and responsibilities which never seem to end, from a welcome speech to students at the start of a year to a total breakdown of the school system financial budget for the year. Many people do not fully understand the important role of these men and their aides.

Staff and Faculty

I would like to express my sincere thanks to the faculty, staff, and especially the student body for their fine spirit of cooperation and their contributions toward making a better Bay Senior High School.

A school is a place where learners engage in activities which presumably lead to the development or enhancement of their abilities and understandings. We have tried to create and maintain the proper atmosphere for learning so that our students can achieve their goals.

The yearbook staff is to be commended for their hard work in recording the many events of this school year.

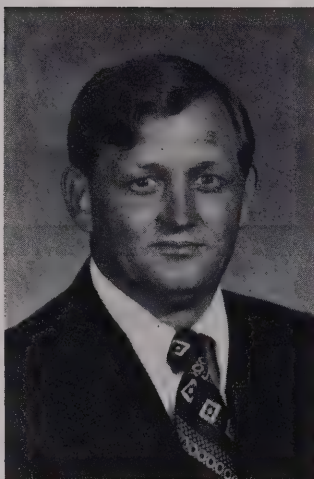

Mr. Robert V. Magee,
Principal

Despite the constant flow of students - sympathizing and advising - checking records - doing endless paperwork and all the normal office management - the staff somehow keeps the school operating.

If every man would attempt to leave his mark on earth by doing some good deed toward mankind, all the problems of the world would be solved.

I live for those who love me, for those who know me true; For the heaven so blue above me, and the good that I can do.

SABRINA BISHOP

Rather what lies before my feet my notice shall engage - He who hath brawled youth's dizzy heat dreads not the frost of age.

CLYDE BIVENS

A sense of humor keen enough to show a man his own absurdities as well as those of other people will keep a man from the commission of all sins, save those that are worth committing.

On September 7, members of the 1975 Senior class were presented their class rings in a special ceremony highlighted by the presence of the Lt. Governor of Mississippi, Mr. William Winter, and his wife. This was a landmark achievement for Bay High as it was the first time a school of this area was so honored.

Other guests present and taking part in the ceremony were Pastor Terry Crimm of the First Presbyterian Church of Bay St. Louis, and Monsignor John Scanolan of St. Clare Catholic Church in Waveland.

After the ceremony, misty-eyed Seniors could be spotted in the shadows reflecting on their many experiences of twelve years of school.

The

STUDENT PRINTS

This year the Student Prints began its 45th year of "serving as the voice of Bay Sr. High."

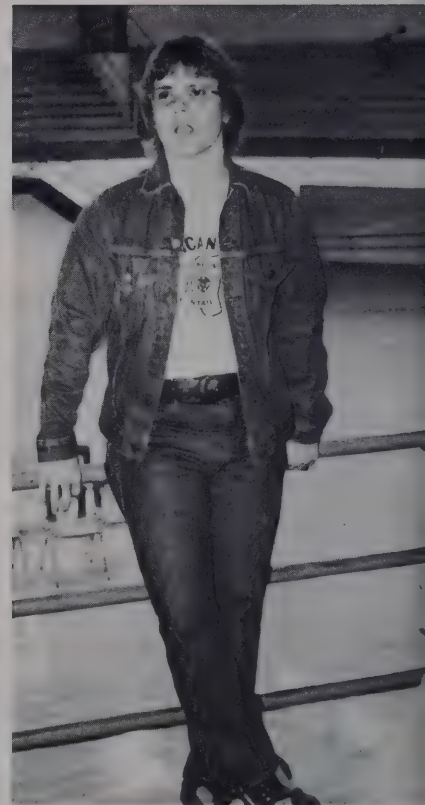

This year, as in past years, the staff tried to meet the needs and satisfy the interests of the student body. For this reason the paper was divided into four sections: News, Editorial, Feature and Sports, and all were essential factors in publishing a well-rounded newspaper. More emphasis was placed on community and national issues which would affect the students, rather than just centering the paper around school related events.

In October, sixty members of the French Club spent a morning in New Orleans seeing the paintings and sculptures of the City Art Museum and picnicking on the grounds; in the afternoon they toured the Cabildo, St. Louis Cathedral, and the Vieux Carré.

During monthly meetings the Club saw color slides of Mont St. Michel, Brittany, and the Basque Country. As the final program the French II class presented a synopsis of a Moliere comedy, *Le Médecin Malgré Lui*.
